The Postmaster General reserves the right to reject any bid which may be deemed extravagant; and also to disregard the bids of failing contractors and bidders. (Act of June 8, 1872, section 29.)

16. The bid should be scaled, subscribed "Mail Proposals, State of Newada," addressed "Second Assistant Postmaster General, Contract Office" Bids of \$5,000 per annum and upward must be accompanied by a certified check, or draft, on some solvent National Bank, equal to 5 per cent, of the amount, also bids for service which now costs \$5,000 or more per annum. Whore the present pay is \$5,000 or more, it is stated in the advertisement under the appropriate route.

17. The contracts are to be executed and returned to the Department by or before the 1st

stated in the advertisement under the appropriate route.

17. The contracts are to be executed and returned to the Department by or before the 1st day of June, 1874, otherwise the accepted bidder will be considered as having failed, and the Postmaster General may proceed to contract for the service with other parties, according to law. Transfers of contracts, or of interest in contracts, are forbidden by law, and consequently cannot be allowed. Neither can bids or interest in bids, be transferred or assigned to other parties. Bidders will therefore take notice that they will be expected to perform the service awarded to them through the whole contract term.

awarded to them through the whole contract term.

18 Section 249 of the act of June 8, 1872, provides that contracts for the transportation of the mail shall be "awarded to the lowest bidder tendering sufficient guarantees for faithful performance, without other reference to the mode of such transportation than may be necessary to provide for the due celerity, certainty, and security thereof." Under this law bids that propose to transport the mails with "celerity certainty, and security." having been decided to be the only legal bids, are construed as providing for the entire mail, however large, and whatever may be the mode of conveyance necessary to itsure its "celerity, certainty, and security," and have the preference over all others, and no others are considered, except for steamboat routes.

others are considered, etc. in the second routes.

19. A modification of a bid in any of its essential terms is tantamount to a new bid, and cannot be received, so as to interfere with regular competition. Making a new bid, with guarantee and certificate, is the only way to modify a pre-

and certificate, is the only way to mounty a pre-vious bid.

20. Postmasters are to be careful not to certify to the sufficiency of guarantors without knowing that they are p. rsons of sufficient responsibility. [See section 247, act of June 8, 1872.] They must not sign the certificate until the sum—of the bid is inserted, and the bid and guarantors; a disrigard of this instruction by Postmasters will subject them to immediate removal and to severe penal-ties.

lies.

Postmasters are also liable to dismissal from office for acting as agents of contractors or bidders, with or without compensation, in any business, matter, or thing relating to the mail service. They are the trusted agents of the Department, and cannot consistently act in both caracities.
